

IDENTIFYING THE 777,000 SPIRITUALLY GUIDED INDIVIDUALS

The Good news: An Alternate Theory related that only those individuals that would be at least 21 years of age by December, 2012 is eligible to be instrumental in transforming the world. However, there are many individuals that chose to be born not to move to the next level, but to be the teachers of those that aren't ready to evolve yet. As a consequence, many young people who will still be in their teens in 2012 can participate in the *Know Thyself Initiative*. These young people are the reason the Dalai Lama has focused on in his message *Seeds of Compassion* when he came to America recently. *The Good news: An Alternate Theory* related the 777,000 to a "Body" of music. To recap:

The symphony is the plan of God (NO THING) moving humanity in concert to perform the evolutionary jump occurring within the lifetime of most of us living. The Conductor is the Demiurge (Creator of the universe) working from the plan in unison with the mechanics of the universe defining the nature and structure of the jump.

We are the rhythm of notes forming the melodious body of music to the harmony of God's plan. This melodious body of music referred to is the body of Christ, not just Christians per say, but anyone who wants to be an instrument. The energy and harmony of this body of humanity must be perfect and moving as one for the defining moment of synchronization (last trump) with the transformation and jump to a new plane of evolutionary existence. Most of us have incarnated at this time to actively participate in the process...

WHO ARE THE 777,000?

Should any of the above resonate with you then you may be awakening as one of the 777,000 or the Critical Mass number. If so then we invite you to become a point of light by joining the I.D.E.A. Foundation for the Benefit of Humanity. As a point of light you will appear on a map of the world showing the location of individuals as lights that are part of the solution.

For many of you seeing yourself as an instrument for God may be a daunting proposition and you may not be sure whether you are a member of the 777,000. In the "Know Thyself" page on [the triple7center website](#) we asked: "Are You 1 of the 777,000?" This is because only You know if you are or not. The best way of being absolutely certain is to ask God.

For those of you that have read metaphysical material, you may prefer to think of God as Spirit or the Higher Self. Whatever name is used doesn't matter because of course, the 777,000 are all asking for and following spiritual guidance.

However, for some of you being able to hear God's voice may be impossible to believe. For you the Hidden Codes of Life may be the answer. These codes are predicated on your date, precise location and time of birth and the name you use now (whether it is your legal name or not). The Hidden Codes are designed to identify your spiritual purpose and should not be seen as a forecast of any worldly destiny.

(You can order your codes through the [Hidden Codes](#) page. Please note; all proceeds go to the I.D.E.A. Foundation.)

WHAT IF I'M NOT ONE OF THE 777,000 CAN I STILL PARTICIPATE?

The answer is an unqualified YES! As we said, you can still be a point of light on the map of the world and you may become or already are one of the “Earth Angels”. These individuals are already working to be a part of the solution. On our Web Site we acknowledge many of them in 7 categories and also link to Videos that honor their contributions to Humanity.

Earth Angels are diverse and live their lives in accordance with being part of solution. As in any organization there are many positions to fill. Some people may be content to do their part through volunteering and or supporting organizations that are working to make this world a better place. If you are one of these individuals then Thank God for you; the contribution you are making to the solution is definitely helping make a difference. You are the embodiment of an Earth Angel.

The reason we say not everyone can be one of the 777,000 is because the Human Race on earth today consists of 18 levels of consciousness. Only 12 of the levels are able to assist in the transformation of the World. This is not exclusivity, but rather a statement of facts. The 777,000 will literally transform the world by changing the way they think; the true meaning of the word “repent.” If you are unsure as to whether you are capable of changing the way you think and do not know where you fall within the levels of consciousnesses that can help, we have three sets of questions that may assist you in this process.

Do you believe that only “your” Religion, sect, or church is right and that everyone else is wrong?

Do you believe that everything that happens is God’s Will, even the tragedies and Humanity is helpless to make any difference?

Do you believe that if you deviate in any way from what your religious doctrine teaches, you may be risking your immortal soul?

Do you believe that the world is perfect and there is nothing to do but to live life to the fullest?

If you answered “Yes” to any of the above questions then STOP and go no further. You are not ready or open to the changes it will require. This would imply that if you answered “No” that you are ready. However, there are many people that answered “No” to all 4 questions, which are also not ready. Below are 4 questions for those people that answered “No”.

Do you believe that Science can explain everything that happens?

Do you think that to believe in anything that cannot be explained scientifically is irrational?

Do you believe that Religion or Faith is the same as superstition?

Do you believe that you only have one life in one body on this Earth?

Like the first set of questions, if you answered “Yes” to any of the above questions then STOP and go no further. You are not ready or open to the changes the process will require. So the question is “Who is ready?” There are just 4 questions answered in the affirmative that will help identify you as possibly one of the 777,000.

Have you ever wondered why we are ALL here?

Have you rejected religious explanations of Divinity and yet still feel that there is something magical to life that hasn’t been explained by either Religion or Science?

Are you open to the concept that we live more than one life and this body is not all there is to our consciousness or existence?

Do you believe in the innate goodness of Humanity and that most people want peace and harmony for everyone?

If you answered all four questions in the affirmative you are most likely one of the 777,000. Gautama Buddha would describe you as traveling the “Middle Way.” You are not so dogmatically religious that you refuse to consider anything that appears to disagree with your Religion. Alternatively, you are not so steeped in the material world that if it doesn’t involve any of the five senses then it is mere superstition.

DO I NEED TO BELIEVE IN GOD OR A SUPREME BEING?

That depends if you are open to the possibility of a Supreme Being. If you categorically refuse to consider anything Divine, then the answer would be: “No you are not ready.” However, if you are willing to consider that there is something more than just this earth then the answer is “Yes.” We must emphasize that you do not need to be sure of anything; in fact it will be easier for those who have not experienced indoctrination of any kind. All that is required is an open and inquiring mind that will examine everything with new eyes.

As for the individuals that we have said aren't ready; we must add emphatically NOT READY NOW. That does not mean you won't be ready very soon, just not now. There is no judgment involved you can still contribute by remaining a part of the solution

The reason we say if you are not ready STOP, is because to take the next step involves being able to put all previous conclusions aside. It will necessitate a completely new way of looking at Consciousness-Evolution and "reality." We feel that it may help to watch <http://www.ted.com/talks/view/id/229> This video is under 20 minutes long, but is one of the most powerful examples of what the next step involves. In the video, Dr Jill Bolte Taylor a Neuroanatomist shares her life-changing experience of a major stroke she had about 10 years ago. During the stroke, while watching her own brain mal-functioning she experienced the phenomena of a shift in her perspective of reality. This is what changing the way you think means and is the next step in consciousness evolution.

If after watching the video and answering the above questions you feel you may be one of the 777,000 and are still open and feel moved to investigate further we have created a living thesis, which we call the *Know Thyself Initiative*. This thesis involves The Mysteries and is based mainly on the information on Ancient Wisdom for Now Page on our Site. This information is free to download and some of you may be content with just reading the information yourselves. However, in reviewing the material with our study group we found that they still had many questions about how to apply the information. Consequently, we developed the *Know Thyself Initiative*; before we get to the requirements to register just a little background on the Initiative.

DO I NEED TO BE WELL EDUCATED OR INTELLIGENT TO PARTICIPATE IN THE INITIATIVE?

NO! The Initiative uses Divine Consciousness and Inspiration that is imparted to all that choose to involve themselves with it. We find that the Spiritually led people that get to this point in their journey will be compelled to seek the truth with an open mind and heart that has nothing to do with education or intelligence. The Initiative content material was designed for the "layman", so to speak, and spiritual guidance will assist everyone with the desire to participate.

Fourteen years ago we embarked on an in depth study of why there was so much religious conflict. It seemed to us that the major religions of Judaism, Christianity and Islam all believed in the same God and so we investigated the origin of religion. This took us into the investigation of the origin of everything. Briefly, the most impacting information we discovered was that beneath "ALL" the world's religions there was a common teaching, which was known as the Wisdom Religion. It was in the endeavor to uncover the content and substance of the Wisdom Religion that led to The Mysteries referred to in the Bible and many ancient writings. As we said in the information on the previous page, The Mysteries were teachings that were concealed throughout all the world's religions and philosophies. Today modern science has recovered many of the teachings of The Mysteries, (although most don't realize it) especially in quantum mechanics and the physics of sub-atomic particles.

KNOW THYSELF INITIATIVE

- ♂ Stage-1 REASON
- ♁ Stage-2 CYCLES
- ♀ Stage-3 INTUITION
- ♃ Stage-4 KNOWLEDGE
- ♆ Stage-5 WISDOM
- ♄ Stage-6 UNDERSTANDING
- ♁ Stage-7 TRANSFORMATION

The picture above portrays the conscious state the world is experiencing today. The dark sky and barren ground symbolizes the dark consciousness that prevails in the world, which manifests as fear, despair and hopelessness. The temple in the center represents the Kingdom of God within. The sun in the center of the temple is depicting the concept that each person has the Spirit inside him or her. The 7 steps rising to the sun represent the 7 stages that lead to the kingdom within.

INTRO

The 777,000 involved in the Initiative were referred to in the New Testament by the Apostle Paul in Romans 8: 19-23:

“For the earnest expectation of the creature waiteth for the manifestation of the sons of God. For the creature was made subject to vanity, not willingly, but by reason of him who hath subjected *the same* in hope, Because the creature itself also shall be delivered from the bondage of corruption into the glorious liberty of the children of God. For we know that the whole creation groaneth and travaileth in pain together until now. And not only *they*, but ourselves also, which have the first fruits of the Spirit, even we ourselves groan within ourselves, waiting for the adoption, to *wit*, the redemption of our body.”

One more thing before we get to the 7 stages, we warned that you should not enter the Initiative lightly, because it will cause real and permanent changes in your consciousness. This is not

brainwashing: on the contrary the Initiative is designed to develop your own inner teaching, not someone else's. We are looking for the Shepherds, not the Sheep. However, if you have the slightest concern after reviewing the stages, we would strongly advise you not to enter the Initiative yet. It is best to wait until you can objectively read the material in *Ancient Wisdom for Now* on this web site and *The Good News* and both *A New Earth: Awakening to Your Life's Purpose* and *The Rabbi's Tarot* As we said the goal of the Initiative is to change the way you think and the slightest concern or fear will cause emotional and or mental distress.

With that said let's review the 7 stages. The seven stages involved in The Mysteries are based on the concept of the Kingdom of God is within. This is best demonstrated by the spiral diagram below and is followed by a brief description of each of the seven stages.

Mars represents STAGE 1 and the faculty of Reason. This stage signifies the awakening of the individual to re-examining their belief system from a new perspective. This Stage is based on the hypothesis proposed in *The Good News: An Alternate Theory*.

The Good News: provides an overview of much of the material that will be covered in the Initiative. We associated this stage to the faculty of reason, because you must use your reason to examine the information in the 7 stages. A copy of *The Good News*: is available to download or purchase (100% of proceeds from a purchase goes to the I.D.E.A. Foundation as your donation) through the web site. We will use *The Good News*: to introduce a new way of thinking about Divinity. This is not connected with any particular religion, but rather applying all sacred texts and teachings to Ancient Wisdom

Jupiter is the Astrological energy behind STAGE 2 and represents the cycles of Consciousness Evolution. This stage is centered on Jesus' directive to "seek, ask and knock" implying an individual must be active in their pursuit of Truth. The first two volumes of Suzzan's "Journey to the Truth" in *LOVE THE COMMON DENOMINATOR My Journey to the Truth* (LCD)

Suzzan was given seven pillars to guide her on the journey. They are:

- 1-Anything that creates fear hatred and or division is never of divine origin.
- 2-Jesus will never incarnate again, because another physical teacher will only lead to us focusing on the teacher rather than the message.
- 3- All messages from apparitions that are not about God's love for us are from the powers beneath the veil.
- 4-All scripture is multi-layered and even apparent errors will lead you to the truth.
- 5-Each and every piece of channeled information is a mixture of truth and lies.
- 6-Anything you experience with your five senses has to come through the astral plane; this is why you cannot trust apparitions without question.
- 7- At this time- You must never put yourself in an altered state of consciousness (as in channeling spirits).

Only the first four pillars will be used in this stage, for which you will need a copy of *LOVE THE COMMON DENOMINATOR My Journey to the Truth* (LCD). To facilitate your obtaining this we can offer you four options:

- Option one: Purchase the Updated & Expanded paper back edition of LCD
- Option two: Purchase the earlier edition of LCD in paperback and download the updated material from this Web Site
- Option three: Purchase an electronic version of the Updated and Expanded version of LCD for a \$5 donation to the I.D.E.A. Foundation

We must state that the I.D.E.A. Foundation owns the copyrights of all versions of LCD and 100% of the proceeds go directly to the Foundation as your donation. This is a study guide and will give you grounding in the basic roots of The Mysteries. The additional material in the Updated & Expanded edition will be used in the later stages. This stage will also cover *The Relevance of the Doctrine of Rounds and Root-Races Today* available to download from *Ancient Wisdom for Now* site page.

STAGE THREE represents Venus and Intuition. We associate this stage to intuition, because it is necessary to go within, which is the next level to reason. This stage is the identification of the EGO and in order to identify the Ego you must engage the Higher Self.

This aspect of the consciousness is in the subconscious and presents itself as inner teaching, or intuition. The works of two authors and one of the founders of psychology, Carl Gustav Jung are vital for understanding in this stage and will be covered here. The first author is Eckhart Tolle and his brilliant book *A NEW EARTH Awakening to Your Life's Purpose*. The second is James Redfield and his inspirational *The Celestine Prophecy*.

To complete this stage you will need a copy of Eckhart Tolle's book or CDs. It is better if you have read *The Celestine Prophecy*, but having watched a copy of the DVD is acceptable. Carl Jung's contribution to this stage was his work on Archetypes and so understanding the concept of Archetypes is needed before moving on to the next stage.

STAGE FOUR represents Saturn and Knowledge. This kind of knowledge is hidden wisdom, which was taught in the Ancient Mystery Schools. Your understanding of Archetypes gained from the previous stage will be used in conjunction with the *Rider-Waite Tarot Deck* for discovering the various levels of individual consciousness in respect to evolution and cosmic consciousness.

Appropriately, as this stage is influenced by the energies of Saturn we will be examining the nature and origin of evil. The information for this will be primarily drawn from the 3rd volume of LCD. Included in this stage is an investigation of the difference between white and black magic, supernatural phenomena, manifestation and the development of extrasensory perception. This does not mean magic or manifesting will be taught, just examined from an energy perspective.

Our associate Daphna Moore's book *The Rabbi's Tarot* is an absolute requirement to complete the remaining stages and is the most thorough study of the esoteric Kabbalistic teaching behind the 22 Major Arcana cards. (An electronic version of *The Rabbi's Tarot* is available on the triple7center website \$10.) We will also utilize the final three pillars from LCD in this stage.

STAGE FIVE represents Mercury and Wisdom. This stage introduces the Kabbalistic Sephirot in the Tree Of Life covered in *Spiritual Evolution Or From the Fool to the Hermit Part One and Two* available on this site. Consequently, this stage will be divided into two parts.

Part one examines the chief principles of consciousness, as presented in the first row of the *Rider-Waite Tarot Tableau*. It also introduces the association of the Kabbalistic Tree of Life and the Sephirotic consciousnesses in relation to evolution. Also covered is the relevance of colors in wisdom teachings along with the different numbers of accepted elements used in the: 4-traditional, 5-Chinese, and 3-Kabbalistic Elements.

Part two of this stage introduces you to the connection between the Tree of Life, the individual Sephirot, the twenty-two Major Arcana cards and the different aspects of consciousness in the

human being. It does this through a detailed study of the Sephirot in the Tree Of Life and their relevance today for understanding the term “Fullness Of Time”, in Spiritual and physical Evolution. This stage also lays out how The Mysteries were hidden in the Archetypal images, concealed in multiple symbols, numbers and the Tarot Tableau. Finally through a vision that was given to Suzzan, we can see what role the 777,000 and the 144,000 do play in Spiritual Evolution. The information for this stage can be found on *Ancient Wisdom For Now* site page.

Stage 6 represents the Moon and Understanding. This stage puts the previous stages into a linear or historical context. The information in *Full Circle: The Mysteries Uncloaked* tracks the various archetypal energies affecting the development of human consciousness expansion through the Root-Races.

The main focus of this stage is on the various incarnations of Christ-like teachers to awaken the real self or Spirit within the individual. This stage also covers the Divine plan on how to correct the “watchers mistake”, allegorically related as the “fall” in the garden of Eden. Finally, we will examine the consciousness expansion for Humanity today and what the next step in evolution entails. This will involve placing the vision from the previous stage into a rational and practical context for today. Again, the information for this stage can be found on *Ancient Wisdom For Now* site page.

Stage 7 is the final stage and represents the Sun and Transformation. This stage incorporates all the previous stages, but from a scientific perspective. Primarily we will use the information in *Craig's Energetic Perspective on Evolution*; again found on *Ancient Wisdom For Now* site page.

To assist in conceptual understanding a visual depiction of stages five and six will be shown. This will be in the form of a flow chart depicting the different stages of Spiritual Evolution. This includes the various theories of Fractals, Tortion Fields, Schumann Resonance, Geomancy, Sacred Geometry and the work of Masuru Emoto. We will also be incorporating additional material from LCD and appropriately The True Philosophers' Stone. We say appropriately because the secret meaning of the Alchemists philosophers' stone was the transformation or spiritualization of the individual. At the end of this stage you will have reintegrated every aspect of your consciousness and united all opposites to transmute the ego and bring forth the Spirit to spiritualize matter, which is portrayed in the picture below.

The picture below symbolizes the world after the *Know Thyself Initiative*. When 777,000 individuals "change the way they think" then they bring the kingdom of God within into the world, which changes the consciousness of the planet. This is reflective in how Jesus answered the disciples concerning entry into the Kingdom recorded in the *Gospel of Thomas* "When you make the two one, and when you make the inside like the outside and the outside like the inside, and the above like the below...." The goal of the *Know Thyself Initiative* is to fulfill this directive. Consequently, we have adopted this scripture as the motto of the *Know Thyself Initiative*. Ultimately, the way to change the picture of barrenness into the abundant paradise is for 777,000 to complete the Initiative and "change the way they think."

Within the 777,000 or the Body of Christ are the 144,000 teachers. As we said, some of you that complete the Initiative will achieve self-annihilation and become a “Gnower.” These will be the 144, 0000, which are allegorically referred to as the Bride of Christ. They have given up all sense of separateness and have become the peace that passeth all understanding. We will not determine who the 144,000 are. That will become apparent at the end of the Initiative. Nonetheless, in order to transform the world 777,000 individuals have to transform by transmuting the ego. We know that there are over a billion potential members of the Body of Christ and so we ask, “Are you one of them?” If you feel that you are, please register at: triple7center@comcast.net

In the meantime we strongly urge you to read the material mentioned in the 7 stages found on the [Triple7center](#) website. Before you go straight to Stage – Reason on the site let us suggest that you take some time to familiarize yourself with the progression of The Initiative through **KTI's Purpose Page**. The first stage in The Initiative is [STAGE – REASON](#) and it is available to everyone at this time.
